

# Kazi Mynul Islam

System Analyst, Nogor Solutions Ltd

## PROFILE

I have over 14 years of experience in the IT sector, spanning various fields such as Software Development, Database Design, Business Analysis, and Project Management. My expertise enables me to quickly understand a business and design efficient system architectures tailored to business needs. Additionally, as a developer, I provide expert guidance on software development best practices. With this broad skill set and experience, I am now looking to leverage my capabilities for more impactful and strategic opportunities.
